

PASCHAL MESSAGE 2023

Beloved Friends,

On this blessed Pascha, I extend my warmest greetings to all who celebrate this holy occasion. As we rejoice in the resurrection of Christ, let us remember the power of renewal, compassion, and love that this day signifies.

I call upon you to join me in praying for peace and justice in Ukraine, Palestine, and elsewhere worldwide. May our collective prayers reach the hearts of those affected, instilling hope, courage, and strength.

Let us stand in solidarity with our brothers and sisters who face hardship, and may our unwavering support bring about the change so desperately needed. Together, let us embrace the spirit of Pascha and work towards a world where love and peace prevail.

Wishing you all a joyous and blessed Pascha filled with love and the promise of new beginnings.
